

Haitian Health Foundation

Your kindness and compassion will bring health, development, and the promise of a future to over 225,000 Haitians, who struggle to survive in terrible poverty

Hope for the Poor

Dr. Jeremiah Lowney
Knight of Malta
President, HHH

Food

Over 1 out of 3 Haitian children suffer from malnutrition.....

Your donation can help give a daily meal to these suffering children or help families to become self-sufficient through a purchase of a goat.

Shelter

Too many people live in hovels of banana leaf, rags and sticks.....

Your donation can build a sturdy, clean "Happy House" for a needy family.

Medical Needs

There is a dearth of even basic health care in rural Haiti.....

Your donation can provide for dental, prenatal, well baby, eye care, diabetes and other medical needs in Jeremie and 104 destitute villages.

Education

70% of Haitians are not literate - school is expensive and most children cannot afford to go...

Your donation can put a child in school and provide a healthy lunch.
