You couldn't let anyone know that you are pregnant, and now you don't know what to do.

Don't abandon your Baby!

Save your baby's life and yourself from a lifetime of guilt and anguish.

If only one life is saved...

Thank you from the bottom of my heart for all you do to save the lives of innocent little babies. If I would have had the chance that young girls and women have today with the Florida Safe Haven for Newborns option, I would have saved my baby's life. There are babies now being fed, rocked and loved today because of everyone associated with the Gloria M. Silverio Foundation – "A Safe Haven for Newborns".
