

Malta House of Good Counsel

A Home Helping Mothers and Babies

5 Prowitt Street~Norwalk, CT 06855~(203)857-0088

Malta House offers shelter and a transitional living program for single women without support who wish to have their babies, have no place to go and need a place of refuge. The primary goal is to help these women become self-sufficient and to help them develop life skills. Once accepted into the program, the women attend in-house programs, and go to work or to school unless medically unable. Malta House tries to prepare each mother through counselling, medical care, educational and job training skills, and through the Exodus Training program to assist her to develop the necessary skills to establish and maintain an independent living situation for herself and her child.

Malta House...

*helping women
to help themselves and
their new families...
motivating women to help others.*
